"Foreigners in Greater Poland" Conference
October 7th | Monday | 10:00-14:00
Faculty of History, Adam Mickiewicz University in Poznań, ul. Św. Marcin 78, Poznań
first floor, conference hall 118

Conference organized by the Cultural Anthropologists Society "ETNOSFERA" in cooperation with Migration Research Centre (CeBaM). The conference aims at diagnosing the current situation and distinguishing the needs of foreigners living in Greater Poland. It will be attended by the representatives of non-governmental organizations acting for the benefit of intercultural dialogue, public administration, academic and migrant environments. The conference is open for all interested!

Cycle of workshops and intercultural meetings – space for creative exchange and strengthening social bonds as well as integration of local communities. The purpose of workshops and meetings is to increase the access to knowledge and information essential in the process of acculturation and integration of immigrants in Poznań and Greater Poland as well as to create a space for mutual study and exchange of experiences.

Sign-ups are required! Application forms and detailed information: www.etnosfera.org.pl

November 9th & 10th, November 16th & 17th | weekend | 16:00-18:00
Dance Studio ETNOBALANS, ul. Wielka 19/7 (first floor), Poznań

Body movement and dance improvisation workshops open for everyone, regardless of experience. The idea of the workshops is co-working and co-being in a space where variety - both cultural and ethnic - can enrich creative exchange, inspire and develop curiosity. Apart from having a great time, we also invite you to discover, experience and explore movement and bodily reflection on broadly-taken notion of migration.

Drum Workshops
October 30th, November 6th, 13th & 20th | Wednesdays | 17:00-19:00
Meskalina, Stary Rynek 6, Poznań
The drum workshops will teach you the basic rules of handling this instrument. Thanks to collaborative playing everyone will get the chance to experience the importance of an individual in a group and their influence on the overall effect.
